AMINO-5000™

PROTEIN WITHOUT THE EXTRA CALORIES

AMINO 5000™
is available in 300 capsules

If you're an Active Individual or Athlete who is looking to increase their protein intake without adding calories, then InterACTIVE Nutrition's™ AMINO 5000™ is a must for you!

AMINO 5000™ is an Amino Acid Complex derived from Enzymatically Hydrolyzed Whey Isolate Protein. It is a perfect source of protein for anyone looking to increase their protein intake without adding calories. Because it is a Pre-digested protein it allows for an extremely fast assimilation into the bloodstream thereby enhancing Nitrogen Retention for Maximum Gains.

AMINO 5000™ features a revolutionary nutrient absorption enhancer, BIOPERINE®, which has been shown to increase bioavailability of various nutrients through increased absorption rates of between 30-60%.

Suggested Use:

Take three capsules twice daily with water or juice, ideally before and after exercise.

Nutrition Facts

6 capsules contain:

Hydrolyzed Whey Protein (yielding 4014 mg of di and tri peptide amino acids) 4014 mg

*BIOPERINE (Black pepper extract) 6 mg
