What Makes Whey Pro XL™ Different?

It is the only Whey Powder that features the Maximum Result Matrix™, a new nutrient absorption and assimilation matrix designed to get you the maximum amount of protein per serving. Being low in fat & reduced-lactose makes it even more valuable for weight loss and lean muscle gains.

Additional Benefits:

- Stimulates an increase in muscle mass and a decline in body fat.
- Maintains antioxidant levels in the body.
- Preserves health throughout the aging process.

What is in Whey Pro XL™?

Inulin

This low-calorie soluble dietary fiber is a Pre-Biotic well known for its positive influence on digestive health. A healthy digestive system is necessary for your body to absorb the nutrients it needs for optimal muscle building and physical performance!

Aminozyme™

This plant enzyme blend is considered to be the most advanced protein and nutrient digestive complex available. Aminozyme™ ensures that every serving of protein from Whey Pro XL™ is effectively absorbed!

BIOPERINE®

A patented nutrient transporting pepper extract shown to increase bioavailability of various nutrients through increased absorption rates of between 30-60%.

Maximum Results Matrix™

These cutting-edge compounds work synergistically to ensure that your body is primed to take maximum advantage of every serving of Whey Pro XL™!
